Perfected Photography.

Dowe & Painter, the photographers of Pacific Coast fame are now in Carson City with a complete outfit. These gentlemen will produce Aristo Cabinets at \$3 per dozen, which will be done in the height of finish and pose. They have samples always on tap and if the work don't suit there is no objection on their part to a refusal to accept.

Sale of Blooded Stock.

About the middle of next month John Sweeney will sell at his ranch at public auction about fifty fine Gibraltar fillies in foal to Alpha and Triumph, and a number of yearlings and two-years-olds by Gibraltar. The sale will be without reserve and there ought to be a large attendance, as this will be the last sale of Gibraltar colts in this State, as Gibraltar will be taken East after the sale.

Notice to Electors.

The following nominations, duly certified, according to law, have been filed in my office, to be voted for at the election to be held in Carson City, Nevada, May 2, 1892:

Trustee at Large—F. R. Hofer, Republican.  
Trustee First Ward—Alex M. Ardery, Republican.  
Trustee Second Ward—E. M. Reynolds, Republican.  
WM. HY DOANE, Clerk.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.

A Hard Finished Dwelling House, corner lot (85x85), good location.  
Building Lot, 85x85, \$250.  
Building Lot, 50x200, on North Carson Street, frontage on three streets, \$100.

I have cash purchasers for improved or unimproved Carson street property.

J. D. KERSEY, Real Estate Agent.

French Tansy Wafer.

These wafers are for the relief and cure of painful and irregular menses, and will remove all obstruction, no matter what the cause, and are sure and safe every time. Manufactured by Emerson Drug Co., San Jose, Cal., and on sale only by A. E. Harris, City Drug Store.

JOHN WOOD.

ALL SORTS.

Gen. Clarke arrived from the Bay yesterday morning.

Capt. Zabriske returned last evening from Candelaria.

The Silver Club in Candelaria has increased its membership to 187.

The Reno Reduction Works are running steadily with plenty of ore.

W. W. Booth of Candelaria, passed through on last evening's train.

A good many people are in favor of free silver, but opposed any practical way of securing it.

Mrs. Kinkead will give another "talk" at the Episcopal Sunday school on Monday evening.

The drifts in the North Carson are being cleared out and Supt. Dahl proposes soon to reach the ore body.

The Young Folk's Endeavor Society will give an entertainment at Odd Fellows' Hall Thursday night. Admission 25 cents.

A woman in this city wants a pension on the ground that her husband has been suffering from "acute yellow fever since the war."

Our critical twilight contemporary speaks of the "petition" between Rosenbrock's saloon and the Treasurer's office, being taken out.

It is rumored that Rev. Hyslop, who is now officiating at St. Paul's Church, Virginia City, will succeed Rev. Holmes as Rector of St. Peter's.

Grover Cleveland has just woken up to the fact that silver men have secured control of the party in North Carolina and dished his chances there.

It is reported that the President is endeavoring to secure an international conference on the silver question. The President appears to think it time to look after his fences.

At the next meeting of the Silver League Mr. E. J. Parkinson will be invited to present his views on the silver question. A talk from this well known exponent of silver ought to draw a large audience. The gallery will be reserved for ladies.

The Virginia Enterprise and Reno Gazette, the two leading gold bug organs in the State, both support Mr. Newland. The question arises, is Mr. Newland, who is a candidate for Congress on a silver platform, responsible for the utterances of his organs? He is now in Europe, and if he contemplates running for Congress some friend had better telegraph him the peculiar attitude of the two newspapers in Nevada, who are the most earnest in his support.

High Railroad Rates.

The merchants of Carson have generally agreed to unite in prosecution of the plan proposed by the author of the call for Wednesday night's mass meeting, viz: To make formal complaint to the Inter-State Railway Commerce Commission, substantiated by evidence sufficient to convict the S. P. R. R. Company under the law.

Last Night's Camp Fire.

The Camp fire that blazed so cheerfully at Arriory Hall last evening, drew a large crowd, who were delightfully entertained. It was a ball as well as camp fire and everything connected with the evening's programme was, as some of the young ladies expressed it, "simply lovely."

Silver Fight Warming Up.

The Candelaria Chloride Belt is being boycotted by the miners because of its position on the silver question. The people of Dayton have stopped taking the Enterprise and Gazette for the same reason. This fight appears to be warming up.

Spring Ball.

Walter Cook is along side the seasons with his social gatherings at the hospitable ranch and will turn loose a dance and supper on the evening of April the 30th. Plenty of stable room, good music and delectable viands.

A 23

Silver Committee Meeting. There will be a meeting of the Executive Committee of the Ormsby County Silver League at the Secretary of State's office today at 2 o'clock.

A Fine Endorsement.

The Washington National View prints the entire Silver speech delivered by Congressman Bartine on March 24. It occupies nearly the whole paper. In addition it says editorially:

From a philosophical, scientific and practical standpoint on the silver question, Mr. Bartine is acknowledged to be the best qualified of any member of the Lower House of Congress.

The people of Nevada can justly be proud of having such a high distinction placed upon their able Representative, who is industrious, progressive and always doing everything in the power for the best interest of his constituents. We commend the remarks of Mr. Bartine as the most comprehensive on the silver question ever delivered in the house of Representatives. It should be in the hands of intelligent citizens who desire a solution of the money question, which is the most important problem of the day.

The people of Nevada, who are so deeply interested in this question, should be vigilant and active in their efforts to indorse their Representative and continue him in the service of the cause to which he has contributed so much by his careful study, and given to the world one of the best speeches ever delivered on the subject. While Mr. Bartine is thorough on the silver question, he is as well qualified as any member of Congress to handle with profound ability any of the great questions of the day.

Absent from Their Posts.

California and Oregon are getting a fine dose of the "Absentee" system as practised by its Representatives.

A few days ago an appropriation of \$100,000 was lost to California because four of its Congressmen were absent when the bill was called. The solitary silver Representative from Nevada City was the only man at his post.

On the heels of that the Chinese Exclusion bill went over because Senator Dolph had occasion to go to Boston and make a speech. Upon his personal convenience the issue of such importance to the Pacific States as well as in the country at large is made to depend. In the political sense the Boston visit may turn out to be the most momentous trip the Oregon Senator ever made. If the consequences could be confined to him alone the outlook would not be, perhaps so depressing. The Northern Pacific is evidently on top and the Pacific States at the bottom.

A Solitary Vote.

From every portion of the State comes the information that the majority of the voters stayed away from the primaries last Saturday in order not to be tied up when it came to the silver primaries. The smallest vote of all however, was at Lovelocks.

There are seventy-five voters at Lovelocks but at the hour to hold the election no one could be found to conduct it, and not one person wanted to vote. However, one of the inspectors who was appointed by the Central Committee thought that some sort of return to headquarters ought to be made, he wrote out a report, attached it to a ballot, put it in the ballot box and forwarded it to the Central Committee.

His was the only vote cast. In several other localities only two or three votes were cast. These facts only go to show the general feeling of the people in this State.

Attempted Suicide.

Mr. Marsh the old man who runs a way side resort called "The Pony Saloon" on the road to Genoa, attempted suicide by poison a few days ago and was pumped out by Dr. Guinan. Before attempting suicide he deeded his property to a man named Wood for the consideration of one dollar.

The place has been a familiar object to the traveler on that road for years, and particularly noticeable because the "S" in the word "Saloon" is painted wrong side up. Mr. Marsh has now no further desire to die, and will resume business at the old stand.

Mrs. K. Knowles desires to inform the public that for the next 20 days she will dispose of millinery at cost, as she is desirous of making a change of business. Now is the time to get bargains in trimmed and untrimmed hats, feathers, flowers, and in fact, everything in her line. All goods sold without reserve. This is a bona fide sale, as the lady has business interests in San Francisco which require her attention.

The Beef Market.

Hon. T. B. Riekey who came up from San Francisco yesterday morning said to a Gazette reporter there were no cattle on hand. He said that the story that California was ready to furnish "grass beef" to her market was all moon shine. Mr. Riekey said he saw a sample of California "grass beef" hanging in the market Thursday and that a man could take a couple of them, tie their tails together and throw them over his shoulder. He says the meat is black, slimy stuff, and not fit to eat. He don't know whether the market will recover or not but says it ought to. On the other hand the beef buyers are crying down the market and say that grass cattle are now ready and are doing all they can to knock the bottom out entirely. In the mean time beef is quoted from 6 1/2 to 7 cents in San Francisco. About 6 or 6 1/2 cents is the price being paid here at the present time. That is about the situation at this writing and feeders can draw their own conclusions as to what course they wish to pursue.

Must Show Their Colors.

A dispatch from Pittsburg, Pa., says that General A. S. Warner, Ohio's representative on the Executive Committee of the National Silver Association, who passed through there on his way to Washington to attend a meeting of the committee, said that it is the intention of the association to have the silver question put before both National Conventions. He said that both parties would be forced to define their position on this question.

It will be seen from the above dispatch that both parties will be forced to show their hands on the silver question, as the Silver State has forced the Gazette to hoist its gold-bug colors. Let the good work go on.

The people of Nevada want no more sailing under false pretences. Several other papers of this State had better be honest with the people and let them know distinctly and unequivocally how they stand if they want to have the respect of either the friends or enemies of silver.—Silver State.

A New "Lodging House."

The establishment owned by Mrs. Phillips, for many years a land mark in this city, and a favored resort for the disciples of worldliness and sin, will from this on be run as a lodging house.

Mr. Phillips has already ordered a large gilt sign painted, and in a few days the inscription "Palace Lodging House," will stare the pedestrian in the face and tell the stranger within our gates the locality of a place he might not have previously known of without inquiry.

Mrs. Phillips is considerably worked up over the move of the District Attorney, and declares that her rights as an old taxpayer in this city are being ruthlessly trampled on. She insists that no one knows where to move, as the new school house may be erected in some new locality, and this would necessitate another move on the part of those who come under the ban of the law.

Mrs. Phillips has therefore decided to run her establishment as a lodging house from this on, strictly on the European plan.

"That Girl from Mexico."

One act of "That Girl from Mexico," as presented by the Dews at the Opera House on next Tuesday night, is laid in the parlors of a city club, aptly called the "Alibi" Club, which is very unique in itself, as the entire act is made entertaining without a woman appearing on the scene.

Mr. Drew, who enacts the principal part in this amusing comedy, has a style which much resembles that of Nat Goodwin—the art of drawing laughter by quiet means. Mrs. Drew also has a character which is very intricate and hard to portray. Altogether it is a very amusing farcical play and they have been very successful in it.

Death of Tip Clark.

News was received here yesterday that Tip Clark, for many years an engineer on the V. & T., died on Thursday at Tacoma.

He was well and favorably known in this city. He was a native of New York and aged 53. Deceased was an Odd Fellow and member of the Brotherhood of Locomotive Engineers. He leaves a wife and three children and many warm friends in this city.
